

ENGLAND SAYS NO ALUM IN FOOD

and strictly prohibits
the sale of alum
baking powder—

So does France
So does Germany

The sale of alum foods
has been made illegal in Washington and the District of Colum-
bia, and alum baking powders are everywhere recognized as
injurious.

Say plainly—

ROYAL BAKING POWDER

Royal is the only Baking Powder made from Royal Grape

someness of the food.

Big City Without Saloons.

A radical upsetting of the liquor
policy of Massachusetts was
brought about on May 1, when
three of the largest manufacturing
cities and a number of smaller
places gave up the liquor traffic.
One of these cities, Worcester,
with its population of over 130,
000, is shown by statistics to be
the largest municipality in the
country, if not in the world, under
a no-license regime.

Worcester voters, at the De-
cember municipal election, decided
to close the saloons. When this
decision takes effect the licenses of
128 places, including seventeen
hotels, will be rendered void. At
the same time a cordon of towns
around Worcester have gone no
license.

The second largest of the Massa-
chusetts cities to enter upon a
period of no license this year is
Lynn. Haverhill, another shoe-
making city, turns against the
saloon.

The "no" vote throughout the
State as shown by returns from
all but four towns, had a majority
at the recent elections of 18,085.

In Massachusetts, by changes in
six cities and thirty-six towns,
210 licensed places, or ten per
cent, of the total number, must
abandon the liquor business.

In Vermont only twenty-seven
cities and towns will legalize the
sale of liquor this year as com-
pared with ninety-two cities and
towns five years ago, when local
option took the place of State
prohibition.

"Health Coffee" is really the closest
Coffee Imitation ever yet produced.
This clever Coffee Substitute was recently
produced by Dr. Shoop, of Racine, Wis.
Not a grain of real Coffee in it either.
Dr. Shoop's Health Coffee is made from
pure, toasted grains, with malt, nuts,
etc. Really it would fool an expert—
who might drink it for Coffee. No 20 or
30 minutes tedious boiling. "Made in a

Boat in Which Three Were Fish- ing Capsized.

French Combs, aged 25 years,
was drowned in the Kentucky
River at Jackson on April 24.
Combs and two other young men
were fishing above the dam when
they lost control of their boat,
which was caught in the whirlpool
below the dam, capsizing as it went
over. Combs was caught in the
whirlpool and drowned. His com-
panions swam ashore.

Open Sunday Not To Be Tol- erated.

At Lexington on April 28th a
committee of the Anti-Saloon
League composed of Dr. Sprague,
Prof. Calhoun and Dr. Clark,
called upon Mayor Skain and re-
ported information that some sa-
loons had been open Sunday. The
Mayor assured them that he would
take immediate action. He called
a meeting of the Police and Fire
Commission and the matter was
laid before them.

LETTER TO POLICE.

It specified that patrolmen will
be responsible for any violation of
the closing law in their territory;
that their duty is not merely to
act upon information, but to see
that saloons are closed. If a vi-
olation occurs the policeman re-
sponsible will be called upon to ex-
plain why he did not know of it.
If neglect of duty is shown, he
will be immediately suspended.

Tobacco Growers and the Trust. Criminals Have a Chance.

There is no lack of sympathy for
the farmers in their contest with
the Tobacco Trust. They have a
perfectly good case. The point
some of them miss is that night
riding is no cure for any of the
evils from which they suffer, but
that, in the final equation, it will
aggravate and intensify the con-
ditions of which they justly com-
plain. Outlawry never yet helped
any cause. Soon, or late, the out-
laws, themselves, forget their origi-
nal purpose and strike out blindly
from sheer force of habit and bad
advisement. Too often criminals
take advantage of the situation for
their own ends. Thus bad men
and worse whisky appear upon the
scene and play their part. Disaster
can only come from such agencies
to the interest sought to be served.
Masquerading is cowardly. Cow-
ardice is cruelty. Through these
agencies not only is Kentucky
brought to blush, but the farmers
are put in for consequences which
in the long run will prove ruinous.
That is the whole case in a nut-
shell.—Courier-Journal.

LONG ITINERARY FOR FLEET ANNOUNCED.

Honolulu to Auckland, 3,850 Miles
Without a Stop.

SAIL FROM 'FRISCO JULY 7.

A total of approximately 42,500
miles will have been covered by the
Atlantic battleship fleet when it
arrives at Hampton Roads on Feb-
ruary 22 next. The distance to be
covered for the voyage from San
Francisco to the Philippines; thence
to China and Japan and back to
Manila is 16,218 miles.

The longest lap of this distance
is that from Honolulu to Auckland,
3,850 miles, said by naval officials
to be the greatest steaming distance
ever made by a battleship fleet in
the American navy without stop-
ping for coal. This will require
slightly over sixteen days. One of
the colliers and two of the supply
ships will stop at Samoa for coal
and the battleship Illinois, which
under ordinary circumstances can-
not carry enough fuel to steam
four thousand miles, will store
some coal in bags on deck and also
take fuel in her fire room. Regular
coal supplies will be taken aboard
at the various stopping places
when needed.

According to this itinerary the
fleet will leave San Francisco July
7, arrive at Honolulu July 16, re-
main seven days; arrive at Auck-
land August 9, remain six days;
arrive at Sydney August 20, re-
main seven days; arrive at Mel-
bourne August 29, remain seven
days; arrive at Albany, Australia,
(for coal) September 11, remain six
days; arrive at Philippines October
1, remain nine days; arrive at Yo-
kohama October 17, remain seven
days. (At Yokohama the fleet will
be divided, the first squadron going
to Manila and scheduled to reach
there October 31. The second
squadron will go to Amoy, reach-
ing there October 29, and after a
stay of six days will go to Manila,
reaching there November 7.

Unusual Offer.

"It isn't often that I have faith

other people to be willing to offer
to refund the money if it does not
cure," said W. S. Lloyd to an Ad-

store, "but I am glad to sell Dr.
Howard's specific for the cure of
constipation and dyspepsia on that
basis.

"The Dr. Howard Company, in
order to get a quick introductory
sale, authorizes me to sell their
regular 50 cent bottles at half-price,
25 cents, and although I have sold
a lot of it, and have guaranteed
every package, not one has been
brought back as unsatisfactory.

I am still selling the specific at
half-price, although I cannot tell
how long I shall be able to do so,
and anyone who is subject to con-
stipation, sick headache, dizziness,
liver trouble, indigestion or a gen-
eral played-out condition, ought to
take advantage of this chance. You
can tell your readers that if they
are not satisfied with the spec-

money." 43-46

awarding the plaintiff \$5,000.
Mrs. Banks was the crippled wo-
man from the mountains who was
run over and killed at Winchester.
L. B. Cockrell, as administrator,
brought the suit.

John Doolan, who shot Cluke
(Wash) Miller was given one year.

In the question between Com-
monwealth's attorney et al. and B.
F. French, the Court decided that
the 10 per cent. assessed by the
Court of Appeals, amounting to
\$500, went to the State and not to
the officers of the Court, and by
reason of the pardon of the Gov-
ernor, was remitted.

Relative to the drowning of Cecil
Dills, of Winchester, on Sunday,
April 25, we clip:

The young man drove to the res-
idence of Mr. O. E. Bush, and
invited Miss Fanny Sue Bush to
take a drive with him. They
drove to Ford, down the river.
Near Boone's Ferry, the road was
covered with water about eight
inches. The road is very narrow
at this point. The horse became
frightened and began to back,
turning his head to the river side,
his front feet went over the bank.
He plunged into the river, carry-
ing the buggy and occupants into
about thirty feet of water. The
horse and buggy went down, leav-
ing the occupants struggling in
the current. Dills was holding up
Miss Bush with one hand and try-
ing to swim with the other. James
Estep and his wife were in a small
boat about one hundred yards
below. Mr. Estep put his wife
ashore and rushed to the rescue.
At the same time Wm. Fallis
started in a boat from the opposite
side of the river. Estep was able
to save the girl, but the young
man's hands that were holding up
the girl, immediately sank. He
saved the girl, but lost his own
life. The body was not found
until four o'clock Monday after-
noon.

The Clark County Equity To-
bacco Company closed Saturday,
April 24. They have received
three million pounds of tobacco in
winter order; two and a half mil-
lion pounds was re-dried by the
re-drying machinery and one-half
million pounds of select tobacco
was hung. They will re-open for
summer order tobacco as soon
as the weather permits. There is
yet about one million pounds to be
received.

verely bruised. Miss Tracy es-
caped with only a few bruises.

Paducah wants a company of
militia and may organize.

Tired nerves, with that "no ambition"
feeling, that is commonly felt in spring
or early summer, can be quickly altered
by taking what is known to druggists
everywhere as Dr. Shoop's Restorative.
One will absolutely note a changed feel-
ing within 48 hours after beginning to
take the Restorative. The bowels get
sluggish in the winter time, the circula-
tion often slows up, the kidneys are in-
active, and even the Heart in many cases
grows decidedly weaker. Dr. Shoop's
Restorative is recognized everywhere as
a genuine tonic to these vital organs. It
builds up and strengthens the worn-out,
weakened nerves; it sharpens the failing
appetite, and universally aids digestion.
It always quickly brings renewed
strength, life, vigor, and ambition. Try
it and be convinced. Sold by F. C. Du-

\$10,000 Fine Against Indian Re- fining Co.

On the charge of polluting Elk-
horn Creek with oil, a Franklin
county jury fined the Indian Oil
Refining Company, of Georgetown,
the only independent oil refinery
in Kentucky, the enormous sum of
\$10,000.

Attorneys will appeal the case
with the hope that the Court of
Appeals will hold that the fine is
excessive.

One \$25,000 suit was filed against
the company in the federal court
at Frankfort. The farmers living
along the stream say that the water
was so badly polluted that the milk
from the cows which drank the
water was tainted with oil, and the
fish tasted so oily they could not
be eaten.
